

PSHE

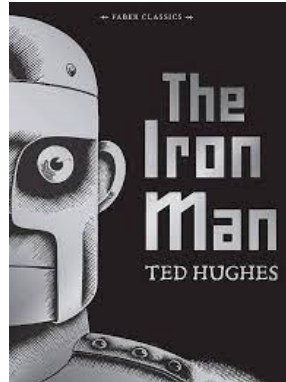

In this unit, we will be investigating 'relationships'.

This will focus on the different types of relationships that we develop in our life's. Professional, working, friendships and families.

We will look at how to maintain these through role-play and dialogues.

Being an Author

This term, our focus will be on characterisation and diary entries.

We will look at how to infer through description and how to paint a visual picture with words. We will also explore feelings and emotions associated with a character through a diary entry.

Our book this term is "The Arrival" by Shaun Tan. A story with no words based on immigration.

Being a Mathematician

We begin this term by working through the practical side of fractions. We will be looking at wholes, parts and comparing fractions.

This will move onto adding and subtracting fractions with the same and different denominators and then converting fractions.

This term, we will continue sending out homework to reinforce our understanding. We will also focus on the 7 times-table and the 9 times-table.

Sparrow Class Welcome to Term 5

Being a Scientist: "How do plants die?"

Our assembly theme this term is Responsibility.

Being an Artist

Sticking to our theme of plants, we will use leaves and natural materials to create unique pieces of art.

Being a Scientist

We will look at the structure of plants, water transportations, adaptation and will conduct scientific experiments, grow our own plants and explore nature around the school.

Being an Athlete

This term we are continuing to enjoy lessons with our PE specialists Progressive Sports. **This term there is no swimming.**

Being a Linguist:

In Spanish, we are focusing on food and prepositions.

Being a Theologian

How do people express their beliefs, identity and experiences? This is the big question Year 3 pupils will be asking this term. We will focus on celebrating differences and how different cultures express through art, music and religion.
