

Being an Author

This term, we will explore new avenues in both Reading and Writing through working closely on the script of our play Macbeth by William Shakespeare. We will learn conventions of interpreting play scripts and stage directions, as well as using the many excellent stimuli for writing in a range of genre that the text offers: letters, instructions, descriptions of atmosphere, character and setting and poetry.

Being a Musician

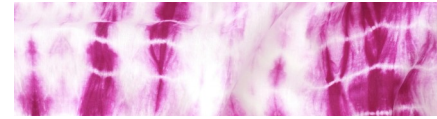

In Music, we will really enjoy developing techniques for singing the songs in Macbeth, as well as learning performance techniques.

Being a Philosopher

We explore the key themes which arise both in English as we study Macbeth, as well as in our Enquiry lessons concerning service, responsibility, citizenship and democracy.

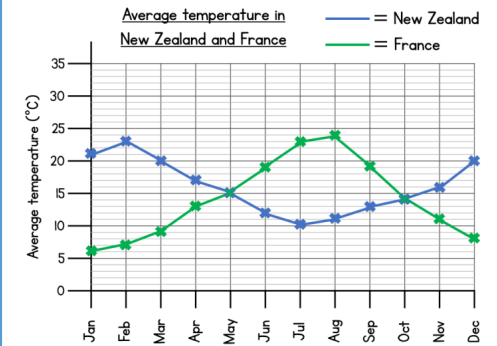

Being an Artist

We will create a piece of Art to contribute to the Bristol Refugee Festival's Art Exhibition. We will see a project through from the conception of an idea to the exhibition stage, learning printmaking and resist techniques in textile art along the way.

Being a Mathematician

This term, we are working on consolidating the key learning from the Year 6 curriculum and applying them in practical and project based contexts. We will be using White Rose Maths short projects to keep our skills sharp and to find new strategies for application.

Owl Class

Welcome to Term 6

Being a Historian: How do we all live together?

Our assembly theme this term is Service.

Being a Historian

In this Enquiry, we are learning about the way our society has been shaped by the ideas of governance and participation developed by the Ancient Greeks. We will study who gets to have a say in how decisions are made in local and national government and how elections form a vital part thereof.

Being an Athlete

This term, we will complete our final swimming assessments as well as learn new track and field skills in athletics, getting ready for Sports Day.

Being a Theologian

This term, we continue to explore the key Christian belief in a loving God. We ask the question: "What does it mean if God is loving and holy?" We will investigate scripture to find evidence for this belief and learn how this manifests in the lives of Christians.
